**Pat Phillips, Loudon County EDA, shared comments on Fort Loudoun Bridge:** Pat spoke with John Hunter with the State of Tennessee out of the regional office. The bridge is internally design and the right of way acquired. The bridge has two (2) fourteen foot medium lanes and no dedicated sidewalks; that would require redesign of bridge and possible additional right of way. The bridge is not on any construction schedule and asked that it be put on the second phase of stimulus package. In addition, it is not on any general appropriations from the state for 2009 and 2010. If there is a redesign, do not know if it will cause a delay.

Discussion on bicycle/pedestrians lane: suggested making recommendations with TDOT at looking at a long range pedestrians greenway plan. Mayor requested to get the information back to him.
